

April 2013

Dear Families,

Welcome to a new school year! I hope you enjoyed your summer vacation. I would like to take a few moments to introduce myself. My name is Mrs. Michelle Dalton and I will be your child's teacher this school year. This is my first year teaching, and I am very excited to begin this journey with all of you. I have a Bachelor of Science degree in Elementary Education. As an educator, I value my job and the opportunity that I will have to teach your child the requirements he/she will need to complete by the end of this school year successfully. Your child's success in my classroom is my number one priority.

Second Grade is an exciting year! Your children have had two years of education and are getting excited to move to the next level. Here in Second grade we will be learning the skills/knowledge of basics that will carry on to your child's future education. We will prepare for the bigger tests that come in third grade and we will review a few things from first grade. Most of all we will learn new things which the students will be interested in. We are going to make this a fun year.

The following syllabus will provide you with general information about our classroom and how I plan to teach your child. Please read it with your child, sign, and return the last page to school as soon as possible. This packet is a reference for you and your student. Please keep it in a binder and refer to it any time a question may arise.

If you have any questions or concerns, please contact me at 435-215-9609 or [mbrads13@dmail.dixie.edu](mailto:mbrads13@dmail.dixie.edu).

Sincerely,

Ms. Michelle Dalton
